*From the leading revenue producing female in the business and carrying what is arguably the hottest pedigree to boot, Mama's Boy is the heifer-safe sire choice when you need hair, style, soundness, and lasting maternal quality. His flush sister is the the only Triple Crown SimAngus Female in existence - she won Kansas City, Louisville, and Denver in 2007-08 - and this 734 son had progeny sales as high as \$20,000 from his first crop. Proven safe with virgin heifers in all environments.    Owned with Willie Morris*
